

THE CAJAL ADVANCED NEUROSCIENCE TRAINING PROGRAMME

— CAJAL —

COURSE PROGRAMME 2018

Champalimaud Centre for the Unknown

Behaviour of Neural Systems

15 July - 4 August 2018

Course directors:

- Gonzalo G. de Polavieja (Champalimaud Research, Portugal)
- Benjamin de Bivort (Harvard University, USA)
- Megan Carey (Champalimaud Research, Portugal)
- Greg Stephens (VU University Amsterdam, The Netherlands)

Computational Neuroscience

12 August - 1 September 2018

Course directors:

- Jakob Macke (Research Center Caesar, MPI Bonn, Germany)
- Christian Machens (Champalimaud Research, Portugal)
- Joe Paton (Champalimaud Research, Portugal)

Bordeaux Neurocampus

Developmental neurobiology and pathologies

in partnership with ERA-NET NEURON

3-21 April 2018

Course directors:

- Alain Chedotal (INSERM Paris, France)
- Eloisa Herrera (Neuroscience Institute in Alicante, Spain)
- Julia Ladewig (University of Bonn, Germany)
- Mireille Montcouquiol (INSERM - University of Bordeaux, France)

Advanced imaging methods for cellular neuroscience

10-28 September 2018

Course directors:

- Volker Haucke (Leibniz Institute for Molecular Pharmacology (FMP), Berlin, Germany)
- Britta Eickholt (Charite, Humboldt University Berlin, Germany)
- David Perrais (IINS, CNRS - University of Bordeaux, France)

Neuroinflammation and how to study it

25 June - 7 July 2018

Course directors:

- Colin Cunningham (Trinity College, Ireland)
- Sophie Layé (INRA - University of Bordeaux, France)
- Agnès Nadjar (University of Bordeaux, France)
- Andy Greenhalgh (University of Bordeaux, France)

Linking neural circuits and behaviour

8-26 October 2018

Course directors:

- Antoine Adamantidis (University of Bern, Switzerland)
- Frederic Gambino (CNRS - University of Bordeaux, France)
