

## Speakers: The Neurobiology of Sleep and Circadian Rhythm

11-14 October, Moltkes Palæ, Copenhagen, Denmark

### The Brain Conferences

#### The Neuroscience of Circadian Rhythms and Sleep

Johanna H. Meijer	Leiden University, the Netherlands
Michael Menaker	University of Virginia, USA
Clifford Saper	Harvard Medical School, USA
Amita Sehgal	University of Pennsylvania, USA

#### The Photic Regulation of Circadian and Sleep Systems

Russell Foster	University of Oxford, UK
Samer Hattar	Johns Hopkins University, USA
Charlotte Helfrich-Forster	Biozentrum, Universität Würzburg, Germany
Elizabeth B. Klerman	Harvard Medical School, USA
Robert Lucas	The University of Manchester, UK
Satchin Panda	Salk Institute for Biological Studies, USA
Stuart Peirson	University of Oxford, UK
Kenneth P. Wright Jr.	University of Colorado, USA

#### The Molecular Basis of Circadian Rhythms and Sleep

Chiara Cirelli	University of Wisconsin, USA
Paul Franken	University of Lausanne, Switzerland
Carla Green	Univ. of Texas Southwestern Medical Center, USA
Michael Hastings	MRC Laboratory of Molecular Biology Cambridge, UK
Achim Kramer	Charité - Universitätsmedizin Berlin, Germany
Michael Rosbash	Brandeis University, USA
Mehdi Tafti	University of Lausanne, Switzerland
Joseph S. Takahashi	Univ. of Texas Southwestern Medical Center, USA

#### Circadian Rhythms, Sleep, Metabolism and Brain Health

Joseph Bass	Northwestern University, USA
Christopher Colwell	University of California, Los Angeles, USA
Ying-Hui Fu	University of California, San Francisco, USA
Jenny Morton	University of Cambridge, UK
Akhilesh Reddy	University of Cambridge, UK
Till Roenneberg	Ludwig-Maximilians-University Munich, Germany
Frank Scheer	Brigham & Women's Hospital, Harvard, USA
