

European Seminars of History of Neurosciences

History and Protagonists of the Neuropsychiatry in Lombardy

Wednesday, 14 December 2016

h. 09.00 – 17.30

Aula Milani, Fondazione IRCCS Ca' Granda Policlinico,
via F. Sforza 28, Milan

This conference is organized in Milan in collaboration with the Scientific Library of the Fondazione IRCCS Istituto Neurologico Carlo Besta and the Dipartimento di Neuroscienze e Salute Mentale della Fondazione IRCCS Ca' Granda Ospedale Maggiore Policlinico. It aims to promote the contribution of the Region of Lombardy to national and international Neuropsychiatry. The seminar is divided into a morning session, dedicated to Neuroscience Psychiatry, and an afternoon one dedicated to the child Neuropsychiatry.

Reports will represent the most important contributions coming from the major health and academic Institutions in Lombardy. The seminar is promoted by the Federation of European Neuroscience Societies (FENS), with the purpose of spreading knowledge of neuroscience's history, and promoting historic and bibliographic heritage at local institutions.

REGISTRATION:

Free registration is requested, for further details:
