

## Neuronal Protein Synthesis Mechanisms in Health and Disease

### The Brain Conferences

13-16 October 2024, Rungstedgaard, north of Copenhagen, Denmark

#### Currently confirmed speakers

Susan Ackerman	University of California San Diego, United States
Gary Bassell	Emory University, United States
Marie Laure Baudet	University of Trento, Italy
Nancy Bonini	University of Pennsylvania, United States
Nicole Calakos	Duke University, United States
Pablo Castillo	Albert Einstein College of Medicine, United States
Jean Michel Cioni	San Raffaele Institute, Milano, Italy
Martine Cohen-Salmon	Collège de France, France
Mauro Costa-Mattioli	Altos Labs, United States
Sandrine Da Cruz	Leuven Brain Institute, Belgium
Judith Frydman	Stanford University, United States
Eric Klann	New York University, United States
Matthew Kraushar	Max Planck Institute for Molecular Genetics, Germany
Giovanna Mallucci	Altos Labs, United Kingdom
Lynne Maquat	University of Rochester Medical Center, United States
Emily Osterweil	Boston Children's Hospital/Harvard Medical School, United States
Antonella Riccio	University College London, United Kingdom
Joel Richter	University of Massachusetts, United States
Beatriz Rico	King's College London, United Kingdom
Peter Scheiffele	University of Basel, Biozentrum, Switzerland
Erin Schuman	Max Planck Institute for Brain Research, Germany
Jernej Ule	King's College London, United Kingdom
